

## Regatta Volunteers

We are asking for a few people to cover some areas for the entire season (and hopefully the spring too). We will help you get going so you don't feel like you are inventing the wheel all over again.

**Food Table Administrators:** Two people to make sure that adequate supplies (plates, cups, staples, etc.) are on hand and that the bins are stocked for each regatta and all necessary items are loaded on the trailer. Regardless of what day a regatta is, trailers are always loaded Friday afternoon, so one administrator should either be on hand for this or make sure someone is delegated get everything on board. These people will also work with Meagan to make sure appropriate food contribution lists are on the website.

**Parent Host:** One or two experienced parents to provide information to other parents and answer questions about each regatta. Robert Harris has already volunteered to take this on, so speak to him if you want to assist. This is a job for someone who knows the peculiarities of each regatta, is likely to attend most of them, and is willing to make his or her cell phone number available to all parents.

**Regatta Information Coordinator:** One or two people to maintain an information board with the schedule and specifics for all races. It is essential one of these individuals is at every regatta.

### Regatta Volunteers (continued)

For each regatta we also need a team of 4–6 people who will be responsible for staking out an area for the team, setting up the tents and food tables, staffing the food table, and doing the breakdown and clean up. Other volunteers may be recruited as needed at the event to help out or fill in, but the crew for the regatta is committed to making sure all necessary tasks covered. The lead person will coordinate with the Food Table Administrator to make sure all supplies are loaded on the trailer and volunteers are organized for the regatta. For each regatta, a mix of experienced and novice parents is desired.
